

## Unit 00\_010 — Syllabus, Part 01

1. What days does this course meet? What time does it meet?
2. How does this class meet? (Put a ✓ next to the correct answer)
  - In the classroom
  - Entirely on Zoom
  - Mostly on Zoom, but we have to come to campus for exams and the final
3. When are my office hours? When is this in relation to class?
4. What is the URL for scheduling appointments?
5. Are scheduled appointments online or in my physical office?
6. Is a free version of the textbook available?
7. Can you purchase a physical copy of the paper textbook?

## Unit 00\_010 Required Software & Hardware

8. According to the video, which **two** following things should you do before the first class meeting?
  - Install and test Zoom software
  - Apply for a student discount on JetBrains
  - Install Java 17
  - Install IntelliJ

9. Why do you need access to a printer for this course?
10. Do you have a scanner or access to a scanner?
11. If you do not have a scanner, then find a scanner app for your phone or tablet. Test it out. What software did you use (also specify Android or iPhone). Ignore this question if you have access to a scanner.
12. Why does the instructor recommend the use of headset for use during class?

## Unit 00\_030 The Course

---

After you have completed all the answers, scan this document into a .pdf file, and upload the .pdf file to the CSC 187 course in Canvas.
